B a n g a l o r e

I have the honour to forward herewith for favour of orders of Government, the file of vernacular correspondence ending wit Report No 154 dated 15th April 1926 from the Amildar President of the Sravanabelagola Municipal Council in the matter of revi sion of establishment of the Municipality and to state as fol c

2. This is a minor municipality with an average income of about Rs 2,246/- per annum It has no permanent establishment - tioned of any kind except 4 sweepers costing Rs 30/- per mensem For the octroi collection which is on the increase year aft r - year, a temporary establi ment of a mutsaddi on Rs 18/- and peon on Rs 8/- per mensem has been entertained for nearly 3 yea past The Municipal Council think that for this work and for supervision of sanitation and public works to be executed by the Council, a sanitary maistri on Rs 25/- and a peon on Rs 7/- be entertained permanently They also propose that two watc one on Rs 10/- and the other on Rs 5/- may be appointed to t care of the sources of water supply in the town In submitti the records, the Amildar President observes that the establis m of watchmen is not necessary From the statement furnishe the Amildar President, it is seen that the outlay on public w executed in the Municipality amounted to about Rs 782/- per annum on an average of the past three years 1921-22, 1922-23 and 1923-24 Taking the public works along into consideration, ther will not be enough of work for a sanitary maistri But as other duties of the Municipality such as sanitation, vaccination etc

for which there is no other agency employed or proposed to be employed, may be entrusted to him, I think that a sanitary maistri with vaccination training - ay, wit advantage, be appointed as proposed by the Municipal - Council

ith regard to the clerical help required for o fice work, he unicipal ouncil have not proposed any establi hment The ecessity of a cler having been pointed out to them, they seem to be of o inion that the anitary maistri can as well attend to clerical work also in additi n to his other duties This does - ct a ar to be feasible, in view of the fact that the duties - of the sani ar maistr are quite different from the clerical -- ork a d the cl rical help ill be mostly needed by the Amildar resident at hennaraya atna, which is his ead uarter and --- her a ~ ni ary ais ri cannot be constantly going without - r- t ic to his other duties at ravanabelagola At present, - the cl rical work of the office is being tended to by the clerk of the Chennarayapatna unicipality with an allo ance of Rs 5/- per mensem as sanctioned in G O No 37 8-C/ 25-CC-4 dated th pril 1 5 This arrangement is not working sati factorily and there is uch slackness in the despatch of office work of -- the unicipalit Under G O No 600- /a L 67-17-1 dated 30th July 191 , th unicipality is of the IV Class and may have a -- clerk and a peon for office work The Amildar President of the unicipal Council also recommends that a clerk on Rs 5 /- may - be sanctioned for this unicipality, and I quite concur with him in his views and strongly recommend that a clerk may be given to the President and his pay fixed at Rs 25/- as a special case, so that it may be on a par with the grade of the Taluk Revenue - umastas, the allowance of Rs 5/- per mensem sanctioned to the clerk of the Chennara apatna Municipality for attending to the - work being withdrawn at the same time

4 These proposals involve an additional expenditure of Rs 60 per mensem I request that you will be so good as to move the

Government in the matter and obtain their sanction to the same Necessary provision will be made for funds in the next year's - budget of the Municipality

I have the honour to be,

Sir,

Your most obedient servant,

Abdulkalam
